

The Nautical Institute Singapore Conference 2022

NAVIGATING THROUGH A DIGITAL AGE: TOWARDS A GREEN FUTURE

About the conference

A platform to discuss current navigational practices used onboard modern merchant vessels and the challenges that will be faced in the future as technology develops.

Programme Highlights

- Network and interact with close to 200 shipping professionals from the maritime industry
- Full-day in-depth panel discussions by distinguished guests and industry leaders
- Topics include Navigation, Maritime Law and Green Shipping
- Conversations on seafarer training and development for the future
